About

DigitalCommons@URI is a rapidly growing online repository of digital materials representing the University of Rhode Island’s scholarly and creative output. This service enables faculty, staff, and students to preserve their work and disseminate it to a worldwide audience. Check out some of our digital collections: Faculty articles, Senior Honors Projects, Theses and Dissertations, and the Online Journal for Global Engineering Education.

• Archive your scholarly and creative work
• Disseminate your work to the world and increase your Google hits
• Demonstrate impact with monthly usage statistics
• Host a journal, conference series, digital book image collection, and more

3,381 Papers to Date  300,000 Downloads  143,425 Downloads this Past Year
Faculty Profile Pages *NEW!* *

Faculty profile pages are now available through Selected Works! Easily organize your scholarship and provide full-text links to your work. Upload directly to your SelectedWorks page or pull your content from Digital Commons@URI into you personal profile page.

We can host your journal!

DigitalCommons@URI offers a full journal publishing platform, including tools to manage submissions and conduct peer review. Each journal interface is customized to meet the specific needs of the publication. Whether you want to transition an existing journal from print to digital or start an entirely new publication, the URI Libraries can work with you to launch your series through DigitalCommons@URI.

See examples of existing journals at:
